Introducing Forms by PaySchools!

We now offer Forms by PaySchools as a resource for the parents of students in our district. Forms by PaySchools allows parents to quickly and easily fill out a variety of the forms we require as a school district, such as parent and student information, registrations, permissions, and enrollment online in a secure, step-by-step portal.

Forms by PaySchools can be accessed via our online portal:

Why Forms by PaySchools?

- Helps our school district move toward a paperless system for more accurate information in a single, secure online database

- Faster, easier form completion will help us get more of the information we need from students and their families

- Keeps student information up-to-date. Online information is easier to update and gather than paper forms that may get misplaced.

- Assigns relevant fees upon form submission based on the data provided, so fee requirements are automated and accurate

Convenient Features for Parents

- Pre-populates forms with stored student data, saving you time and ensuring accuracy

- Electronic signatures allow parents to initial once for multiple forms, as well as add a time-stamp so schools can see when it was signed

- Parents can easily grant access to multiple users to sign disclosures, including doctors, spouses, coaches, students, and relatives

- Copies of forms are emailed to parents upon completion so you have copies of all signed forms

- Online portal can be accessed anywhere, at any time
