Pay**Schools**

PaySchools is committed to providing innovative solutions for school nutrition services programs. Our single-source hardware, POS and software solution speeds up your lunch line, reduces headaches and simplifies system installation and management.

PaySchools Nutrition Services:
A single-source hardware and software solution

Start With the Software:

Quik Apps by PaySchools

Simplify the collection and management of free and reduced lunch applications.

Quik Lunch by PaySchools

Touchscreen, cloud-based POS software that allows you to process lunch payments quickly and easily.

+

Add and Connect the Hardware:

- Pinpads
- Fingerprint Readers
- Digital Scales
- Receipt Printers
- Battery Backups
- Cables
- Mobile Carts
- Keyboards & Mice
- Barcode Scanners

The Overall Results:

- Provide healthy meals to more students, more quickly
- Work with a single, trusted partner instead of multiple vendors, from setup to customer service
- Optimal software performance with hand-picked hardware components
- Custom setups available to fit your school's needs
- Efficient, accurate processing from payment to reporting
- Seamless hardware and software integration is easy for staff to learn
- Happy students. Happy parents. Happy nutrition services department.
