PowerSchool

There are school payment systems

…and then there's
PaySchools.

PaySchools: Powerful. Elegant. Better.

Integrates seamlessly with PowerSchool to make life easier for families and school staff.

When it comes to parent payment systems, it turns out there *is* a difference. Not only does PaySchools work beautifully with PowerSchool, it's full-featured, secure, and backed by the best customer service in the industry.

Simplified, comprehensive fee management

Since 1998, PaySchools has been making technology for K-12 schools that securely manages parent payments and related data and reporting for:

- School lunches
- Ticketing and events
- Registrations
- Fees
- More!

Built for district ease

IT directors, business administrators, nutrition services directors, and sports/events managers love PaySchools

The PaySchools/PowerSchool integration provides district and school staff all the tools they need to carry out their jobs more efficiently and effectively.

Multiple departments rely on PaySchools for many tasks. PaySchools' nutrition services suite provides an end-to-end solution.

PaySchools Admin software consolidates all parent payments at all schools, unifying it into one system. Reporting is robust but simple.

Innovative Technology

PaySchools software suite integrates fully with PowerSchool to manage:

Parent payments
Parents log in to PowerSchool to access PaySchools Central, where they easily pay for lunches, fees, and more.

Ticketing and events
The PaySchools Events feature lets families buy events tickets and even choose seats online.

Cafeteria point-of-sale
PaySchools QuikLunch is built for speed and simplicity.

Free-and-reduced meal applications
Parents complete the application online, and eligibility immediately syncs with the cafeteria point-of-sale.

Smart vending
Students can pay for vending snacks with their online account.

Meal preordering
Lets families select meals ahead of time.

Fundraising
Use PaySchools tools to accept donations and build community.

Award-winning Customer Service

PaySchools is a cutting-edge technology company that values old-fashioned people skills.

Winner of the Business Intelligence Group's 2020 Excellence in Customer Service Award for Education, PaySchools provides complimentary product customization, training, and support. They answer calls at their US-based service office in person, they return emails in a timely manner, and they are always courteous and professional.

"PaySchools is just better in every respect, but mostly it's their people.
They listen to me, they help me, they get back to me."

— Rachel Tilford, Food Service Director

PaySchools by the Numbers

PaySchools serves 6 million students every day. 96% of their districts return to them year after year. Together with their i3 Verticals sister companies, they securely process more than $13 billion in payments each year.
